EDUCATION

AIN SHAMS UNIVERSITY 2005-2007

- Doctor of Philosophy (PhD) in Education

HELWAN UNIVERSITY 2002 -2004

- Master of Education (M.Ed.)

ASSIUT UNIVERSITY 1996 - 1998

- General Diploma in Education

ASSIUT UNIVERSITY 1992 - 1996

- Bachelor of Arts and Education

KEY SKILLS

Educational Technology Implementation

E-learning Development & Instructional Design

Curriculum & Program Development

Research & Academic Writing

Training & Teacher Development

AI Applications in Education

Digital Content Creation

Leadership & Academic Administration

LANGUAGES

- Arabic (Mother tongue)
- English (Advanced)

• Professional Summary

Highly accomplished Assistant Professor of Curriculum & Instruction with 13 years of university teaching experience and 11 years in secondary education. Specializes in educational technology integration, curriculum design, teacher training, and e-learning platforms. Published 13 peer-reviewed research papers focusing on the application of technology in curricula for general education and special needs students. Certified International Professional Trainer from New York Professional University and American Institute for Development. Expertise in instructional design, social media management, AI applications in education, and academic leadership.

• Work Experience

Assistant Professor of Curriculum, Instruction, and Technology
College of Science and Arts, Yanbu – Taibah University

(2008 – 2012)

- Designed and taught graduate-level courses in teacher education, focusing on educational systems.
- Created engaging online materials and mentored pre-service educators in curriculum development and classroom management.
- Guided student teachers during their practicum, providing constructive feedback to foster professional growth.
- Conducted research that resulted in several peer-reviewed publications.

Assistant Professor of Curriculum and Instruction

College of Science and Arts, Dhariya – Qassim University

(2012 – 2021)

- Led graduate and undergraduate courses in curriculum development, instructional strategies, and educational technology.
- Supervised research projects, providing guidance on educational methodologies and assessment techniques.
- Integrated technology-driven learning models to enhance the teaching process.
- Designed and conducted faculty development workshops to improve instructional practices.

International Trainer & Training Expert

(2021 – 2024)

- Delivered numerous online and offline training programs aimed at enhancing educational practices and professional development.
- Designed training curricula for faculty members, focusing on innovative teaching methodologies, e-learning strategies, and digital transformation in education.
- Provided consultation and mentorship for educators to implement best practices in instructional design and curriculum development.

Education

- Ph.D. in Education (Curriculum & Instruction), Ain Shams University, Egypt, 2007
- Master's in Education (Curriculum & Instruction), Helwan University, Egypt, 2004
- Specialized Diploma in Education (Curriculum & Instruction - Social Studies), Assiut University, Egypt, 1998
- Bachelor's in Education (History), Assiut University, Egypt, 1996

Qualifications

- **PhD in Education from an Accredited University**
- Earned a doctoral degree in Curriculum and Instruction from Ain Shams University, Egypt, with research focusing on technology integration in education for students with special needs. This work explored innovative strategies to enhance learning experiences and support the unique educational requirements of these students through the effective use of technology.
- **Master's in Education from an Accredited University**
- Earned a master's degree in Curriculum and Instruction from Helwan University, Egypt, where research focused on designing an interactive educational program. This study aimed to enhance learning experiences for general education students by integrating technology into the curriculum, offering innovative approaches to improve engagement and educational outcomes.
- **Experience in Teacher Training & Student Supervision**
- With 13 years of university teaching experience, I have taught courses in curriculum, technology, and special education. Additionally, I have supervised student teachers in elementary and middle schools, mentoring them through curriculum development and classroom management. I have also mentored graduate students and supervised the research of graduates.
